RESOLUTION NO. 02-102815  
SET PUBLIC HEARING FOR PROPOSED NEW WATER RATES FOR 2016  
FOR WATER DISTRICT 4 AND 5

Resolution by:  
Seconded by:

WHEREAS the Town of Big Flats Water Department has worked with Hunt Engineers to put an asset management plan in place for the Water Department in order to preserve the integrity, both physically and financially, of this utility for the present and for the future, and

WHEREAS the cost of maintaining current budgets and following the asset management plan has shown a shortfall, the Big Flats Water Department has taken a hard look at its sole revenue source, water rates. The Water Department is not subsidized by Town taxes or State funds of any kind, and

WHEREAS the Big Flats Water Department has not had a rate increase since 2000 despite the raise in expenses of running the department. Things like wages, insurance, electric and gas and fuel have not remained stagnant at 2000 prices. In the last 24 months we have implemented some cost saving measures. These include Variable Frequency Drives to help with energy costs and to lengthen pump life, consolidation of the Water Districts, logging Water District 4 property, converting to a new billing software and replacing meters to save labor and to bill more accurately. All these things were done to save time, money or both. The asset management plan we have designed with Hunt Engineers has identified and put a cost to every asset we have. We have identified the useful life for these items and determined a replacement cost. In order to maintain these assets we need to set aside money every year so that when the time for replacement comes we will have that money available, and

WHEREAS the Water Department looked at its costs, both for the annual budget and the asset management piece and the only way we can meet both and remain fiscally viable is to raise the water rates. Working with Hunt Engineers we have proposed a fair rate for residential and commercial customers, and

WHEREAS the Town has held two informational meetings regarding the proposed rates, and

WHEREAS for environmental review purposes, administration is a Type II action in accordance with SEQRA 6NYCRR Part 617.5(c) (20) and as such no further action is necessary regarding the same, and

WHEREAS pursuant to Town Law Section 239 it is necessary to duly publish and conduct a public hearing for the purposes of hearing all parties interested in said proposed rates, now

THEREFORE BE IT RESOLVED that the Town Board hereby calls for the holding of public hearing in the matter of the Proposed 2016 Water Rates for 2016for the Water Districts of the Town of Big Flats, to be held at the Town Hall, 476 Maple Street, in the Town of Big Flats on November 18, 2015, at 4:30 p.m. local time, and

FURTHER RESOLVED that the Town Clerk publish the required notice of such public hearing in the official newspaper of the Town and the sign board of the Town, specifying the time when and the location where such public hearing will then be held, and in general describing the proposed action to be undertaken.
