

National Metering Services, Inc.

Contractors for Town of Big Flats, NY

Please be advised that Town of Big Flats Water Department has contracted National Metering Services Inc. to upgrade its water meter system. National Metering Services will be installing meters and soliciting door to door in your area during the next several weeks. There is no charge for installation. The new meters will be read by radio transmitter. Access to your home or place of business to install the new meter will be required. In order for an installation to take place, we require that someone 18 years of age or older be present at the time of installation. Please have the water meter area clear. National Metering Services' installers are required to be in uniform and to have identification badges displayed at all times. Their vehicles will also be appropriately marked with the company name. To insure the least amount of interruption to normal billing cycles, it is important to have the meter installations done in a timely manner. Upon receipt of this notice, please call the number below to schedule an appointment. You can also set up an appointment and get project information online by going to National Metering Services Inc.'s website at, www.nmsnj.com.

Thank you for your anticipated cooperation in this matter.
